

SwissPUG – The Platform for the Swiss PostgreSQL Community

What is SwissPUG?

SwissPUG (Swiss PostgreSQL User Group) is an engaged community of PostgreSQL enthusiasts in Switzerland. We provide a platform for sharing knowledge, experiences, and best practices around the powerful open-source database PostgreSQL.

What are our goals?

- **Share Knowledge:** Regular meetups, workshops, and conferences to exchange experiences and learn from one another.
- **Build Networks:** Connect with other PostgreSQL users, developers and experts.

Why join us?

- **Exchange and learn from experts:** Benefit from talks and presentations by leading professionals.
- **Community support:** Get assistance from like-minded individuals and expand your network.

Who can participate?

You or your company can become a member and help shaping the future of PostgreSQL in Switzerland.
